To: Our Faithful and Supportive Neighbors of our Communities

Saint Joseph Church in Force, PA is sorry to announce that this Lenten Season we are unable to provide our delicious fish and shrimp dinners. The Social Hall experienced water damage from a burst pipe during our cold weather. The damage was extensive with structural and environmental items. Work has begun repairing and replacing damaged items. Our hope is that Saint Joseph Social Hall will return offering its social and dining event. We thank you for your past support with our fish and shrimp dinners making for a successful Lenten Season. We look forward to serving you in the Fall.

God Bless,

Father Mark
